ORIENTALS WILL PLAY BASEBALL

Riverside Junior League Keeps Up The Good Work

Weather permitting, baseball will be the dope at the Aala Park diamond tomorrow afternoon, as the Riverside Juniors are now in full possession of the park. With last Sunday's game the Kalaniana'ole League vacated the diamond and now the Riverside Juniors will make things hum until the close of its season.

Every baseball team constituting the Junior League is now practicing hard. The two leading teams of the league are the Chinese Alohas and the Aala A. C., and there is no doubt that the championship of the league will be fought out between these two teams. With two gold medals in sight, offered by Charles Hustace Jr. to the persons stealing more bases and for good stick work, with Dr.

L's championship cup, good enough to be an ornament for any clubhouse, all the teams are now working hard at the park every afternoon.

The first game tomorrow afternoon will be played between the Aala A. C. and the Oriental A. C. at 1:30. Both Sam Hop of the Alohas and Marks of the Orientals are confident that there will be a hard fight from start to finish.

The second game will be played about 3:30 p. m. between the Sweet Violets and the Japanese Asahis. The Asahi team has greatly improved and will spring a surprise on the Violets one of these days. Moto, the greatest Japanese catcher in the Islands, will be behind the bat for the Asahis and, with Morikuchisan, the "boy twirler," in the box, things will be lively and worth seeing.

The Sweet Violets are confident of victory and they say they will whip the Asahis as they did the Orientals.

BASEBALL MEETING

The Riverside League will hold a meeting tomorrow morning in the Judd building at 10 o'clock for the purpose of considering the constitution and by-laws as drafted by the committee. Important matters will be brought up and discussed, as there are some representatives who

are in favor of allowing some old league and winter league players to participate in the Riverside games. They claim that these old "ham-beans" are out of date and therefore ought not to be barred out provided a certain limitation be put on. Last year the Riverside League allowed three Winter League players and some of the games played at Aala Park perhaps are still fresh in the minds of the sporting public.

It is the intention this year to improve the team as a whole by recruiting old league players in all the teams, thus helping to give better games in the future. The question of an official umpire will also be taken up and as the president has the power to nominate, by and with the consent of the league, there is no doubt but that the president will transmit his nomination to the representatives in due time.

All the representatives of the Riverside League are hereby requested to be present.

RACE-TRACK NEWS

Two horse races are billed for this afternoon at Kapiolani Park, but they may not be pulled off unless the sun comes out and dries the track. It is so seldom that the weather is such that it will not permit any and all kinds of outdoor sport, that such a thing as calling off a match is hardly ever thought of. Warren's Indigo and E. H. Lewis' Polo Mallet are matched for a three-eighths of a mile race this afternoon. This promises to be a corky fast and close go. Mallet won from the grey Candy Boy the other day and is fit as a fiddle. After this race, the horse known of late as False Alarm, on account of the bum run it made the other day after being touted as a fast animal, will race the three-eighths with a pony from Maui. The odds in the betting on the first race are slightly in favor of the bay polo pony.

LINDSAY COMMENTS ON LABOR MATTERS

Myhre Says Orientals Secure Federal Work

The sad conditions of affairs in the Territory where a white mechanic is unable to make a living was the source of comment in Judge Lindsay's court this morning. The question came up during the hearing of the case of George C. Myhre, who was cited to show cause why he should not be punished for contempt in that he had disobeyed the order of the court of January last, to pay alimony to his wife, Marion Myhre, in the sum of \$40 a month.

Myhre took the stand and stated that he had been unable to get steady employment. He was a carpenter, but most of the work in this line was being given to Asiatics, and even the Federal work done in the Territory fell into the hands of Orientals.

Judge Lindsay remarked that it was a very sad state of affairs in the Territory when a white mechanic could not make a living, and discharged Myhre.

SERIOUS TROUBLE AT KONA ORPHANAGE

There is trouble in the Kona Orphanage over the religious fanaticism of the guardian, Miss Beard, and proceedings have been commenced in the Circuit Court, before Judge Matthew-

man, to have her removed and Mr. McOverend, manager of the Kona Development Company, appointed guardian in her place.

It is claimed that Miss Beard has fallen under the influence of F. E. Yoakum, head of the society of Pentecostal Christians, a fanatical sect, and that for some months she has been neglecting her work on that account. It is even alleged that the orphans and their teachers are going hungry and that they are very poorly clothed, while Miss Beard has built herself a \$5000 house elsewhere and has placed a chapel in the yard for the Pentecostals, and that she spends most of her time with them.

MOTORMAN MAY BE ARRESTED

Kekuewa, a Hawaiian, was this morning run into by Rapid Transit car No. 42 on King street near the corner of Liliha. Motorman Blackstad, who was in charge of the car, may be arrested for heedless driving. Captain Parker of the police, who was on the car at the time, states that Kekuewa was walking in front of the car, and that Blackstad sounded the gong, but failed to make any attempt to reduce the speed of the car, being apparently rattled. Kekuewa, who is very hard of hearing, did not hear the gong, and was struck a glancing blow by the car. Luckily he was only slightly injured. Parker stated also that the motorman would be arrested for heedless driving.

Manager Bollentine this noon stated that Blackstad had reported to him that Kekuewa was crossing the track and would have succeeded in doing so without trouble had he continued to walk, but he stopped in front of the car, and therefore the accident was unavoidable.

The German steamship Robert Heyne arrived in New York after a furious battle of twenty days with a series of storms, which its captain declared the worst he ever saw.

LILIPUTIANS TONIGHT

The troupe of Liliputians arrived here yesterday on the Nippon Maru from Japan and went at once to the Hawaiian Hotel, where they will lodge during their stay here. They take their meals at the Alexander Young Cafe, all at one long table, like a large, happy family. Manager Zimmerman, of the Cafe, says that they are a remarkably well-behaved lot of youngsters, and that their table manners are above reproach. They come in to breakfast at 9:30, have lunch at 1 o'clock, and dinner at 6 o'clock.

They will begin their engagement tonight with "A Runaway Girl," which is considered by many to be one of the cleverest of their many clever performances. Freddie Heintz, the most versatile little man on the stage, will take the part of Flipper, and little Ivy Pollard will have the role of Carmenita, the gipsy leader.

The Runaway Girl will be represented by Ivy Pollard.

All the seats for tonight are sold out, but the performance will be repeated on Monday and there will follow other nights equally entertaining, so everyone in Honolulu will have a chance to see these clever little people before they leave for the Coast.

Don't forget that Tansan will be given away at the Hollister Drug Co.'s establishment today, tomorrow and on Monday.

James Selden and Robert Gayford of Chicago appeared before the house committee on rivers and harbors in Washington in support of the Davy bill for a deep waterway from Chicago to St. Louis.

WAGNER IS GIVEN TERRIBLE ROAST

No Sentences Passed Because Marshal Is Absent

Owing to the fact that the entire force of the U. S. Marshal's office was out of town, and there was no one to take prisoners to and from the jail, all the cases set for sentence in Judge Dole's court this morning had to be continued until next week. Marshal Hendry has gone to Laie to attend to the execution sale of the effects of Kekaouha, who was sentenced under the Edmunds Act, and Deputies Winter and Bruns have gone to Kaula and Hilo respectively, to serve subpoenas.

Daisy Wagner, who pleaded guilty to a charge under the Edmunds Act in connection with Albert Toogood, was present in court, however, to receive her sentence, she having been released on bail. If Daisy's husband, Chris Wagner, who is now on the Luka on his way to Laysan, did not have tinkling ears this morning, the proverb is at fault, for Attorney Lightfoot and S. F. Chillingworth certainly gave him one of the worst roasts possible.

Lightfoot, appearing for Mrs. Wagner, stated that the case was one which called for extreme clemency, as he had never in all his professional experience come across one which presented sadder features. The defendant, he said, had met Wagner on a Tuesday, when she was sixteen

years of age, and had married him on Wednesday. She had repented at leisure, for Wagner turned out to be a drunken, worthless scoundrel, who maltreated her so badly that she had to flee to her parents. Here she had stayed with Toogood, who had supported the entire family, and Wagner, hearing that the country was flowing with milk and honey, had come from Hawaii and had lived with the outfit without raising any kick until Toogood finally failed to provide provisions, and only then had Wagner made his complaint to the authorities.

Chillingworth, representing Toogood, said that he unhesitatingly corroborated everything that Lightfoot had said, and gave Wagner a few more compliments of the same kind.

Mrs. Wagner, stated with tears that she had had to leave her husband because he was continuously drunk and abusive. She said that there had been no proof produced of her offense, and the Court on this statement continued the case until Monday.

MOVE TO DISMISS RESERVED QUESTIONS

In the matter of the \$400,000 damage suit of Lowrie versus the Baldwin and Castle interests, the defendants today filed in the Supreme Court a motion to dismiss the reserved questions on the ground that the action has been dismissed by the Circuit Court for failure to file the bond for costs, and that the cause is no longer pending in that court.

WADE HABEAS CORPUS CASE

The George Wade habeas corpus case was argued before Judge Dole this morning. No decision is expected today, however, as the attorneys have submitted briefs. C. C. Hitting appears for the petitioner and Attorney General Hemenway and his deputy, Whitney, represent the Government.

DON'T MIX TICKETS

Patrons of the Orpheum will avoid confusion in regard to the plays if they will notice that the large number on their tickets call for the dates and performances as given below: Nos. 1 and 2, "A Runaway Girl," Saturday and Monday; Nos. 3 and 4, "Toy Maker," Tuesday and Wednesday; 5 and 6, "Belle of New York," Thursday and Friday; 7 and 8, "Gelsia Girl," Saturday and Monday.

WALKER ASSAULTS MANY JAPANESE

Among the defendants who faced Judge Andrade in the Police Court this morning was Walker A. Pratt, a colored soldier from the transport Thomas. Stimulated by swipes, Walker started a riot yesterday afternoon in the neighborhood of the fishmarket, where a large crowd soon assembled to see the fun. Walker beat half a dozen sons of the land of Mikado. After he had first hit and felled a man near the turn of twined road he ran away, coming towards the fishmarket. He was followed by a long string of Japanese, who evidently wanted to capture and do him up. Every Japanese who stood in Walker's way was knocked down. At the fishmarket Walker was captured by the police.

He was charged with assault and battery on Nakamura, a Japanese. There were three other complainants. He pleaded guilty this morning and Judge Andrade, at the instance of Prosecutor Brown, suspended sentence for thirteen months. This was done on account of the departure of the transport Thomas at 11 o'clock.

Wm. Brady was fined \$10, and costs for assaulting F. W. Eversen at the Seamen's Institute, and on the charge of vagrancy, on which he was tried and convicted yesterday, he was sentenced to thirty days' imprisonment.

PLANS FOR ASSEMBLY HALL FOR SEAMEN

Concert Tonight Given By Mrs. Gertrude Wilder at Seamen's Institute.

Following out a custom that has been established of late, there will be a concert at the Seamen's Institute this evening given by Mrs. Gertrude Wilder. It was thought at first that the transport Thomas would be here, and a large attendance from this boat was expected. However, there is always a large crowd at these delightful concerts, and tonight will probably be no exception. Light refreshments will be served to the sailors and guests after the concert is concluded.

Plans for the large assembly hall which will be erected in anticipation of the coming of the fleet are well under way, and work on the preliminary construction will probably start along about the first of the month. This hall will fit in between the two buildings the Institute now has, and will be a very valuable addition. In the past there has been no especially fitting place where entertainments may be given for the benefit of the sailors in port, and the need of one has been severely felt. The sailors, these impromptu concerts and usually attend them in force.

The hall which is under contemplation will cost in the neighborhood of \$1200, and of this amount \$800 has already been subscribed by prominent business men and firms of Honolulu.

A meeting in the interests of the Christian college at Canton, China, was held at the home of Miss Helen Gould in New York. A large number of prominent people attended the meeting.
